

# ReadyNOW

Microsoft Dynamics GP Solutions for Small Business

*“All my business’  
needs are covered,  
and then some.”*

## The solution you need at the price you can afford

In today’s challenging market, getting a good hold on your finances and operations is essential to get ahead of your competition, regardless of the size of your company. A great financial solution can give you the advantage you need to take full control of your

business and make it grow, but this could be an expensive proposition. ICON places the most complete financial solution within your reach, by creating packages that include licensing, implementation and training that fits the needs and budget of your growing business.

**ReadyNOW:** Our cost-effective software solution tailored specifically for smaller and growing businesses.

Are you outgrowing your current accounting system? Think you can't afford to upgrade?

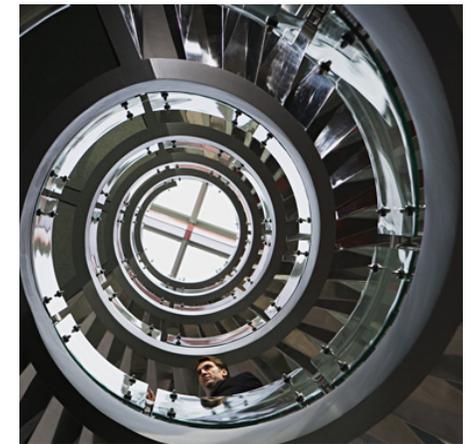

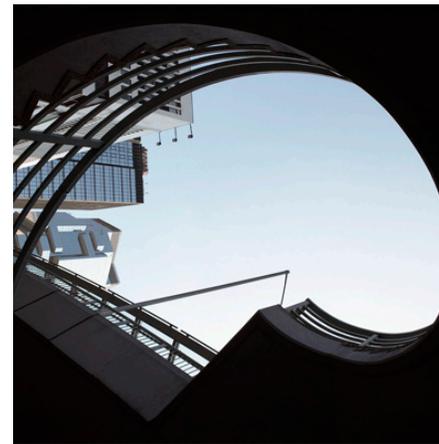

ReadyNOW is an all-in-one product offering for small businesses that need to replace their current accounting system for one that enables maximum productivity and guarantees them the ability to grow.

Based on the world-class enterprise resource planning (ERP) software Microsoft Dynamics GP (Great Plains), our ReadyNOW packages include everything you need to take control of your commercial activities with a system that can grow at your pace.

The basic package starts as low as \$10,000 and includes deployment on premise or in the cloud, product licenses, configuration to your company's basic needs, training to get you started and support to make sure you never stop making the most of your new ERP software.

Our Starter Pack, and includes all of the tools to help you get a handle on your financial data, including general ledger, receivables, payables, and basic billing. If you need more functionality you can expand with our Distribution Pack which adds purchasing, inventory with multiple warehouses, and advanced sales order processing, as well as mobile capabilities to do business through our iOS/Android apps from anywhere, anytime.

## Room to grow

Our ReadyNOW packages enable your company to upgrade to a world-class ERP, quickly and affordably. Since ReadyNOW is based on Microsoft Dynamics GP, your licenses include a lot more functionality than just the basics. As your business grows, you will be able to expand the use of the

system to other areas supported by this product, including payroll, fixed assets, job costing, multicurrency, bill of materials, intercompany transactions, just to name a few. With all of these functions already included in your licenses, you will find that ReadyNOW and Microsoft Dynamics GP is an affordable solution you will not outgrow.

## **Starter Pack**

The starter pack provides all you need to get the most important aspects of your business under control: General ledger, bank, basic billing, accounts receivable, and accounts payable with check printing. Our quick implementation process will get you going in just a few days so you can begin reaping the benefits NOW!

## **Distribution Pack**

The distribution pack takes your business one step further with purchasing as well as inventory and sales order processing. Control unlimited items and sites, perform advanced order entry and invoicing, process purchase orders and even track landed costing. Get more control and better visibility on your bottom line.

## **Mobile Pack**

Our iOS/Android App extends the power of your ReadyNOW solution wherever you go. You or your salespeople can enter sales orders from the field, and check your inventory and your customer accounts, right on your phone or tablet. Seamless installation allows you to be running mobile in no time at all.
